NJCC App 4.0

✓ Fast reliable alert service.

✓ Fully automated alerts issued 24-hours before flooding is forecasted by NOAA.

✓ Alerts received within seconds (assuming good internet and/or mobile telephone connection).

✓ Uses the same cloud-based software used by FEMA to issue emergency alert information.

✓ Messaging is fully compliant with Federal law (TCPA, etc.)

✓ Operates on all platforms and screen sizes (mobile phone, pad, laptop, desktops, etc.).

Benefits Other Flood Alert Systems Can't Provide

✓ No cost to community or persons receiving alerts.

✓ Supported and paid for by the New Jersey Coastal Coalition (NJCC) through a continuing grant from FEMA.

✓ Flood alerts can earn CRS points from FEMA (lowering your communities flood insurance rates).

✓ All alert information is archived and can be used to support preventive FEMA funding requests.

✓ No Apps to download and nothing to purchase.

✓ Cloud based and full sustainable through a Category 4 Hurricane.
