

## Why Go Solar with Tatleaux?

- Lower Electric Bills: Save up to 50% on your energy costs by receiving solar power from local, large-scale solar farms.
- Green Energy: help the environment and help support the development of renewable energy in your community.
- No Home Installation Needed: Enjoy the benefits of solar without the hassle and confusion—no equipment to install on your property!

## How Does Our Discount Work?

1. Sign Up at a Tatleaux Meeting Near You: Place your home on our wait-list to receive solar energy from one of our large local projects and lock in your future savings.
2. Receive Your Discount: After signing up, your discount will be applied in 6-12 months when your local solar project is completed.
3. Start Saving: Once your project is live, you will begin saving on your electricity bill. Your savings can continue for over 25 years, as long as you pay your bill

## How We Calculate Your Discount

Your discount is calculated based on your total electric supply charges, which include:

**Electric Supply Charge:** The total cost of the electricity supplied to your home or business

**Delivery Charge:** The cost to deliver that electricity to you.

Once the solar project you are connected to is live, your savings will automatically reflect in your electric bill.

Electric Supply Charge	+	Delivery Charge	=	Total Bill Credit	Discount	Total Amount Paid to Tatleaux
\$63.35	+	\$36.65	=	\$100	- 50%	\$50

Project Name	County	Target Start of Construction
Commercial Township	Cumberland	December
CCIA, Millville	Cumberland	January
Pemberton Township	Burlington	December
Salem Agrivoltaics (IA, IIA, IIB, III)	Salem	February

## Ready to Get Started?

There is no home installation required! You simply sign up for the Tatleaux wait-list to receive your electricity from one of our large local solar projects and start saving. It's that easy!

Hurry, projects are filling up! Secure your spot and start saving on your energy bills, or ask about our other programs for you, such as job training and solar education.
